Definitions of Technical Terms and Abbreviations

- **CALPADS:** California Longitudinal Pupil Achievement Data System
- **CDS Master:** The data file provided by the California Department of Education (CDE) that lists the county-district-school and charter school codes and the district, charter, and school names for all schools in California.
- **CR:** Constructed-response—Responses to these items are written or constructed by the student and evaluated according to a scoring rubric.
- **CSV File:** Comma Separated Value File—A plain text file that stores data with one record on each line, and each field within that record is separated by a comma (e.g., Field1, Field2, etc.).
- **DCR:** Dichotomous constructed-response—Responses to these items are scored as correct or incorrect.
- **Fixed-Width Text File:** A plain text file that stores data with one record on each line, and each field in the record is specified by a fixed starting and ending position in the record.
- **GIS:** Group Identification Sheet—A scannable document placed on top of a group of Answer Books that identifies the grade, the school, and the district to which the Answer Books belong and that documents the number of Answer Books in the grade group.
- **HOSS:** Highest obtainable scale score
- **Lithocode:** A unique numerical serial number printed on the bottom margin of the front and back cover of the scannable Answer Books.
- **LOSS:** Lowest obtainable scale score
- **Monthly SSF:** Student Score File for each monthly batch of processed answer documents. This file does not contain the fields merged from CALPADS.
- **MC:** Multiple-choice
- **Merged November–June Cumulative SSF:** Combined Student Score File for the documents processed for the months of November 2014 through June 2015. This file includes the fields merged from CALPADS.
- **NPS:** Non-public school
- **Merged Post-DRM SSF:** Combined Student Score File for the documents processed for the Annual Assessment Window (months of July 2014 through October 2014) that includes the edits made by the districts during the DRM process and the fields merged from CALPADS.
- **Scanned Student Record:** Data file created from scanning the Answer Book
