Dear CELDT District Coordinator:

The California English Language Development Test (CELDT) 2016–17 Edition Local Scoring Tool (LST) is now available. The LST is an optional, Web-based application that calculates raw scores, scale scores, and performance levels for the CELDT based on district input from local scoring. A student's scores can be exported into a spreadsheet; another option is to print a Preliminary Local Student Score Report.

To access the LST application, go to the CELDT Web site at <http://www.celdt.org/>, then select the *Local Scoring Tool* link from the Quick Links menu. Other useful links on the Web page are *Tips for Using the Local Scoring Tool*, *LST Tutorial*, and *LST Excel Template*.

For further inquiries, please contact the CELDT Customer Support Center by phone at 866-850-1039 or by e-mail at [support@celdt.org](mailto:support@celdt.org).

Sincerely,

CELDT Project Team
