Did You Know?

- 2017–18 Edition Scoring Training of Trainers (STOT) Workshops registration priority will be given to CELDT district trainers who have never attended a STOT workshop. CELDT district trainers who have previously attended a STOT workshop must fulfill the 2017–18 training requirement by either (1) completing the online training presentations and quizzes in the Moodle Training Site, or (2) attending a regional workshop. Interested previous attendees will be automatically waitlisted. Workshop dates and locations are available on the [STOT Workshop Locations](#) Web page.
- 2017–18 Edition STOT Workshop registration is scheduled to open **Monday, February 13, 2017**.
- The 2016–17 Edition Data Review Module (DRM) Window opens **Monday, February 27, 2017** and closes **Friday, March 24, 2017**. Districts should correct all data errors in the DRM and work with their California Longitudinal Pupil Achievement Data System (CALPADS) administrator to correct any data errors in CALPADS. This will ensure the best match and merge possible with the post-DRM data.

- Districts should receive the 2016–17 Edition CELDT Annual Assessment (AA) Window Student Performance Level Reports by the end of **January 2017**. To track the report shipments, access the CELDT [District Portal](#) and select the *Track Shipments* link. Contact the CELDT Customer Support Center if all AA Window report shipments have not been received by the end of the month.
